E-News from Buffalo Hill:

Good morning,

Oh what a difference a few days make in the Flathead Valley! Tomorrow looks to be one of our colder days of the season, and with snow predicted in the mountains, it won't be long before we see snow in the Valley and end to a fabulous season.

The Finance Committee meets this Thursday, at 4:00, here in the clubhouse. On the agenda is the 2017 fee schedule; the Board hopes to announce fees soon! If you have any comments or suggestions, please feel free to send a quick email to office@golfbuffalohill.com.

I'm sure you're all aware of the weather for the week. Please read Jon's e-news carefully as fall fungicide applications and course prep is now in progress.

Thank you to the best membership in the Flathead Valley!

Sincerely,

Steve

A few very important reminders:

- Members may book online at www.golfbuffalohill.com. If you have any questions, please feel free to give us a call at 756-4548.
- Please operate ALL CARTS in a safe and respectful manner – there's an audience of golfers and homeowners around the golf course. Let's show them we respect the course.
- Please, dispose of cigarette butts, sunflower seed shells, etc. properly. Your fellow golfers appreciate that.

Steve Dunfee, General Manager

Golf Course Superintendent:

Rain Out: It is very likely that our 1st winter fungicide application to the greens will get rained out today. If so, we will need time to get this done later this week. These final applications are extremely important, so much so, that we make sure there are no leaves on the greens when we spray. If we get rained out on Monday, we will have to commandeer the course later in the week, delay the first tee time to make the application, and give it time to become safe for you to enter the treated areas. We apologize for the inconvenience, but not for looking out for your safety!

Sod: The rain made it too muddy to finish the bunker faces on #7 and #9. We hope to install sod later this week.

Coming Attractions: Next week, we will be closed all day on Monday, weather permitting, to spray all the fairways and tees with the winter fungicides. On Tuesday, we begin to blow out the irrigation system. In theory, 2 weeks from today, we will begin to install the covers on the greens, and the course will slowly close as we work our way around the facility. We will cover the champ greens first allowing you to play the Cameron until the last minute.

Jon Heselwood, Golf Course Superintendent

From The Pro Shop:

Be sure to get out and play the course this fall. Take advantage of the beautiful weather and excellent course conditions! Also, please be aware during the frosty mornings and avoid walking or driving on any turf until the temperature has melted it away. We appreciate your cooperation on keeping the course in great shape!
