E-News from Buffalo Hill:

Good morning everybody!

Word in and around the clubhouse is that the golf course is in "all time" condition, and after playing yesterday, I have to agree, Buffalo Hill IS in the best condition that I've ever seen. We have 60 days of golf remaining for the season – and fall golf offers some of the best scenery we'll ever experience!

Get up here and play golf with your friends and family – you'll build memories that last forever!

Labor Day week is here! If you haven't signed up, call today!

Have a great week and a safe holiday weekend!

Steve

A few very important reminders – ya just gotta know!

- Members may book online at www.golfbuffalohill.com. If you have any questions, please feel free to give us a call at 756-4548.
- Labor Day tournament is starting to fill fast – get your entry in ASAP to guarantee your spot!
- Please operate ALL CARTS in a safe and respectful manner – there's an audience of golfers and homeowners around the golf course. Let's show them we respect the course.
- Several members have asked that we kindly ask that whoever is spitting sun flower seeds and pistachio shells on greens and tees, well, to stop. If somebody is doing this in your group, let them know that it just isn't very respectful. "Please be respectful of others" that are following behind you. THANK YOU!!
- Looking for great deals for your summer guests? A few ideas: Check out our gift cards at Costco Wholesale. Cut out the \$15 off Champ 18 in the Daily Interlake and Beacon! Cut out the \$5 off coupon

Have a great week everybody!

Golf Course Superintendent:

Finally: We have had an irrigation leak all year, and possibly for several years, that we could not locate. Well, it finally came to the surface left of #8 Cameron green in the native grass area. The system wouldn't hold pressure so the pumps cycled on and off way too often (every 30 seconds), but we had no way of locating the leak until it revealed itself. After the repair, your system now holds pressure very nicely for more than an hour without the pump turning on!

Bunkers: We have opened the bunker at #15, but the sodded area remains ground-under-repair as there are still seams in the grass. Our work on #9 came to a halt with the recent wind damage and irrigation issues. We will make a push this week to wrap it up before Labor Day. Please hold off the wind for us, and cross your fingers the pipes and sprinklers cooperate!!

Wet Spots: #6 Champ fairway is very difficult to water without causing either very dry spots or puddles. There is currently a puddle on the right side of the fairway, and we hope to install a drain sometime this week. The chronic wet spot to the right of #6 Champ greens is directly above the dewatering piping so installing a drain will be tricky. That one may have to wait a little longer.

Thank You: Sherri Sonju and Lee Terry have volunteered to trim, and clean up, the Delbert Wilken Memorial at the Half Way House. Thank you for all your help! One Day, we will find the time to really freshen it up with new plantings.

Lower: We are lowering the greens mowers height of cut for the Labor Day weekend to .115" Greens speeds will should not be excessively fast. Hopefully, near 10' for the event.
