Get the Scoop on the Exciting Things Happening at Buffalo Hill

Good morning everybody!

We hope you like the new look to our weekly newsletter and other electronic communications as you'll soon see! The addition of the photos was the request of several members - thank you for your suggestions!

What a fabulous weekend of golf at Buffalo Hill. We have three more weeks of spring and then into our peak summer season. Be sure to get out and play the great game of golf at BHGC.

The patio is now open! Please bring your office staff, friends, family, and other groups to enjoy the awesome patio and beautiful scenery! We have cold beverages by our outstanding bartending staff, and great food offered by Chef Carl!

See you soon!

Greens Recovering with Seed and Fertilizer

The warmer weather is helping the grass grow and fill in, in those bare areas. This coming week we will get the extra seed down and some additional fertilizer in those areas to help with growing grass in quicker.

The greens are a bit slow right now and that's due to leaving the mowing height up as we try to get bent grass seed and the Poa to fill in.

Our plan this year is to leave the Cameron greens a little longer so we can utilize the top tear on #8 and some of the other challenging locations on #3 and #5.

Thanks,
-- Michael Combs, CGCS
