

## Buffalo Hill Golf Club E-News 3/16/2020

### From the General Manager:

Today's e-news is arriving this afternoon as management met earlier today to discuss the effects of COVID-19 on our operation, scheduling, and procedures.

We want to assure all our members and guests that we take health and safety seriously - **EVERY DAY!** However, with the rapidly spreading Coronavirus, we are taking additional steps to ensure and promote a clean, safe, and sanitary facility. We are using sanitation products on all our tables, chairs, railings, door handles, and other high density touch points.

As the season begins in a couple of weeks, we'll have additional information about the virus, and what additional steps we will take with regard to golf carts, clubhouse gatherings, and other activities impacted by COVID-19. For now, we will take the advice of the CDC and our local county health director, Hilary Hanson.

While we have limited reported cases in Montana, we take the matter very seriously. Our goal is to do everything

we can to keep our facility clean, and to ensure the safety of all our members and guests.

Sincerely,

-- Steve Dunfee, General Manager

## Driving Range Will be Open This Weekend

### From the Golf Professional:

It was great to see everyone on the driving range last week. Weather permitting, the driving range will be open this weekend from 11:00 to 6:00 (last ball hit at 6:00).

We hope to open the Cameron 9 next week, but we'll wait to see the night time temperatures, and how Mike and the crew are able to progress. We still have a little snow and ice out on the Cameron, in fact, Mike reports that he is unable to cut a cup as the ground is still locked up!

When you come up this weekend to hit balls, stop by and check out the latest golf gear to come in from Taylor Made, Mizuno, and Titleist. The new Mavrik series from Callaway is due in this week which has been getting great reviews. Stop in and take a look!

-- Casey Keyser, PGA Head Professional

## Winter Clean Up!

### **From the Golf Course Superintendent:**

Yikes, a lot of debris came down this winter! The crew has done a great job getting everything cleaned up!

It appears we are coming out of winter in good shape, if winter would ever end. Guess this last blast is our reminder that, according to the calendar it is still winter.

Keep up with those positive thoughts and prayers for an earlier than average opening! Be sure to check our website [message board](#) and flash page for information on course opening and other announcements.

Thanks,

-- Michael Combs, CGCS
