

Cameron 9 and Driving Range Closed Effective March 28 at 12:01 A.M.

Good afternoon,

In response to the Governor's directive to close all non-essential businesses in Montana, Buffalo Hill Golf Club has reviewed and re-evaluated its position on the directive issued yesterday late afternoon.

While we have learned that we may keep the golf course open subject to strict terms and guidelines, we feel that it is in the best interest of our employees, members, and guests to close the golf course and clubhouse per the directive. We hope to have good news from the Governor's office on or before April 10.

We sincerely appreciate your patience and understanding as we all work together through the COVID-19 pandemic. If we

all do our part, we can feel good about being part of the solution.

Very Sincerely,

Buffalo Hill Golf Club
