

Buffalo Hill Golf Club

E-News 7/27/2020

From the General Manager:

Good morning golfers!

First, thank you all for voting Buffalo Hill Golf Course, the **BEST IN THE FLATHEAD** for the 4th straight year! We appreciate the vote of confidence, and you can be sure we'll continue to do our best to deliver the best in every department!

I'd also like to extend my sincere thanks to our members and guests for their continued support of the Friday night barbeque events! Chef Carl and his team were delighted to serve 113 meals - a record high for the season! The "after hours" food service (menu served until 9:00 every night of the week) is gaining traction, but we really need your support - be sure to keep the patio and our F&B service in mind before or after your round!

As most are aware, the current Governor's directive calls for a mask be worn indoors at all public places. While we have seen a high rate of compliance, we are asking for ALL members and guests (including all juniors) to please wear a mask when entering the clubhouse or pro shop. We've had several comments from members expressing their concern for those that are not wearing a mask.

Remember, this is all about each one of us doing our part. Even with the Canadian border closed, we're still seeing guests from out of state, so please, wear a mask to protect yourself and others. No COVID-19 at BHGC!

Have a great time playing golf with your friends and family. And don't forget to buy a discounted BHGC gift card from Costco for your guests - it's an easy way to save 20% on greens fees and carts!

It Appears We Have a Week of Hotness!

From the Golf Course Superintendent:

We will be throwing down some water at night and during the day as needed.

We had a group of people or a single tee off some time around 3:00 PM or after on Friday that decided taking a large divot on 12 was appropriate because they aren't respectful, and most likely aren't good golfers, but they think they are. We are checking the tee sheet and eliminating possibilities!

Please don't forget to fill or replace divots and repair your ball marks on the greens! If you want the good conditions to continue we need your help too!!

Thanks,

-- Michael Combs, CGCS
