

Buffalo Hill Golf Club E-News 9/21/2020

From the General Manager:

Good morning, and welcome to autumn! While we may be aerifying greens the next few days, we still have parts of the golf course open and ready for play!

It's that time of year where we ask that all open charge accounts be paid in full. Thank you for your cooperation, and thank you for your valued support. Call Tessa in the main office at (406)756-4548 or the pro shop at (406)756-4547 for information about your account.

Enjoy the golf course and last Friday night BBQ of the season this Friday - Chef Carl and the entire staff have enjoyed serving you!

**Get Your Spot in the Backwards Mixer for
this Sunday!**

From the Golf Professional:

We had a great turnout for the Ladies Invitational! As always, thank you to everyone that played and supported the event.

The Backwards Mixer is this coming Sunday, September 27th. Spots are limited, so call the golf shop soon to secure a spot. We are scheduled for a 10:00 AM shotgun with awards and chili feed to follow the round.

If you are looking for a great way to end the tournament season, be sure to get a team together for the Buffalo Blender on October 4th. The Championship 18 will be rerouted and into an extremely challenging, but fun 15-hole course. Entries are available in the golf shop or you can register online at www.blender20.golfgenius.com.

The weather is changing and so will our operating hours. For the remainder of the season, the golf shop and range will be open from 8:00 AM – 6:00 PM except for Sunday nights, in which case the range will close at 5:00 PM. The golf course will open at 9:00 AM and tee times can be booked at 8:30 AM daily.

Aeration is Underway!

From the Golf Course Superintendent:

It's time to mess up the greens!

Actually, this will help significantly even though it appears to be horrible and very destructive, however, it's the most beneficial thing we can do to the greens! I personally don't like the process and what it entails, but I LOVE the end result!

Please be patient as we role through this monstrosity of a task! 41 greens to aerate, top dress, and attempt to make them playable!

Thanks,

-- Michael Combs, CGCS
